## Agent Rate Tables for 2011 – Non Grandfathered

**Step One:** Find the appropriate rate table for the county of residence.

**Step Two:** Use the appropriate table to determine the plan, the deductible and its corresponding rates for the applicant; then do the same for his/her spouse and for each dependent if applying for coverage.

- For dependent children, add the appropriate age band rate for every child listed on the application.
- For a child applying without parent(s), use the Child Only rate. Child(ren) applying without a parent(s) must each apply on a separate application

**Step Three:** Add the Optional Maternity Benefit if applicable (use the deductible that corresponds to the deductible selected in Step Two).

**Step Four:** Sum the rates.

**Note:** Actual rates may change based on medical underwriting review. Rates are effective from 1/1/11 through 12/31/11
